What is the POL, and how do I get one?

POL stands for Position Organization Listing. It's an invaluable tool for managers and support personnel. It lists each current employee in a given program, section, or work unit, and contains information about each employee, including the following:

- Master Record & Individual Position numbers
- Pay Plan, Series, & Grade
- Supervisory, Position Sensitivity, & FLSA codes
- Duty Location
- Official (and Working) Title
- Type of Appointment

The POL is distributed from The Riverdale/Washington Business Site by the Printing, Distribution, & Mail Team (APHIS programs) and the Personnel Services Center (AMS and GIPSA programs). If you would like to receive regular bi-weekly distribution of your section's POL, contact Ed Lawson at (301) 734-5523 if you are an employee of an APHIS program, or Shirley Boyd at (202) 720-4872 if you are an employee of an AMS or GIPSA program. Because the POL contains sensitive personnel data such as Social Security numbers, access is restricted and we are unable to post it on our web site.
